The first of these was Odell Wiley, egro hand on the Byrd farm, star witness for the state, who said Brandon witness for the state, who said Brandon killed the farmer and Smith and Dixon were present when the crime was committed. The negro admitted making statements to fellow prisoners that he "did not know who killed Byrd," but told them that to keep them from bothering him.

The other challenging witness was Dixon, who preceded Brandon before the jury. He testified that he had a fight with Byrd two months before the farmer was slain and that Byrd cut him so badly blood dripped on the front porch of the Byrd home. The state had contended that the blood stains were Byrd's own. Dixon also denied he was in any way connected with the crime.

#### Jaycees Will Urge Physical Examination As Good Health Move

Thorough physical examinations by competent physicians at regular in-tervals will be urged for everyone by the Junior Chamber of Commerce, as part of the good health movement the organization has instituted in connection with the good health exposition to be held in the city auditorium the week of April 8, it was announced by Joe W. Ray, chairman of the expectation of the expectation of the consistency of the consiste

position committee.

Public health and medical authorities are in agreement that everyone should submit to a thorough examination once a year, it was pointed out, and that very young children and babies, as well as old people, should have medical examinations at least

vent its development. It is particularly important, it was pointed out, any fault of diet, or any other dan-

remedy for colds; although very frequently it is made necessary by a cold.

When white snow brightly blankets the quiet streets, and student lamps shine nervously far into the night, many times it means that some tortured student is making-up class work which his winter illness made him miss.

Most boys at school now realize that burning midnight oil is not fair to themselves or their work. They have learned the wisdom of safeguarding health, of treating colds promptly, vigorously, and

No, burning midnight oil is not a new completely. And the prescription they use is the old reliable, recommended by millions for nearly 40 years: GROVE'S BROMO QUININE.

The tiny tablets are easy to take. But how powerful in preventing and correcting colds! Gently laxative, they rouse sluggish bowels and rid the body of wastes and cold poisons. The dynamic benefits of quinine tone the system and build up nature's defenses. So the cold is frequently nipped while it merely threatens; or is thrown off quickly. . . . GOVERNMENT AFFAIRS President-Elect Refers Reporters to Executive for

Particulars of Session.

Washington, February 20 .- (P)esirous of assuring continuity in the utgoing and the incoming administrations, President-elect Hoover conferred at length at the white house today with President Coolidge on government problems. The interview was at Mr. Hoover's request, but Mr. Cool-idge fixed its hour.

Mr. Hoover was received by President Coolidge in the white house proper and not in the executive offices. After remaining closeted about fices. After remaining closeted about three-quarters of an hour with the chief executive the president-elect told the waiting reporters that "general affairs of government" had been discussed and referred them to the chief executive for further enlightenment. At the Hoover headquarters, however, Mr. Hoover's anxiety to lose the control of the chief that the control of the chief that the chief

should be merged without jolts or
radical dislocation. This, it was felt
there could only be achieved by a close
understanding on Mr. Hoover's part of
the major aims inspiring Mr. Coolidge's policies at this time.

The domestic political situation was
taken up by Mr. Hoover in the course
of the day with Senators Watson, of
Indiana, and Gillett, of Massachusetts and with James W. Good, of
Iowa, his western campaign manager.
Watson, who will succeed Vice
President-elect Curtis as republican
senate leader in the next congress,
was a breakfast guest and the question of the earliest possible date for
calling the special session was discussed. The president-elect, it
is
understood, showed himself as anxjous as he had been the evening before in discussions with Represents. ious as he had been the evening be-fore in discussions with Representa-tive Tilson, of Connecticut, republican house leader, that the special ses sion be convened as early as possible. Mr. Good would not disclose what his brief conversation with the president-elect dealt with. In reply to questions he said, however, that he had no expectation of a cabinet offer from Mr. Hoover.

FIVE DIE IN DITCHING OF TRAIN AT PEORIA

Four Others Near Death and 150 Injured on Mine Train.

Peoria, Ill., February 20 .- Five iners were killed, four so seriously hurt that they may die, and about 150 others suffered less severe injuries in a train wreck today. Four cars of an eight-coach train of the Pcoria Terminal Railway company plunged over a 25-foot embankment near Hollis, five miles south of here.

a 25-toot embankment near Hollis, five miles south of here.

The train, carrying about 750 miners to work on the Crescent coal mines. 15 miles south of Peoria, was proceeding at the rate of only 12 or 15 miles an hour, miners and railroad officials said, when one of the coaches was thrown off the track by what miners said was a broken rail and broken "fishplate," the iron bar connecting the rails.

One car after another tumbled down the embankment with their loads of from 60 to 75 miners each until four cars were piled in the ditch, some of them almost upside down, others on their sides. A fifth car left the tracks and slid part way down the bank but remained upright.

In some of the cars were coal heaters and one of them was set afire by an overturned stove. The blaze was extinguished before it had spread to other cars, but not before a miner was probably fatally burned. He was pulled from the car by a companion.

The homes of many of the men were

The homes of many of the men were near by, and within a few minutes scores of wives, mothers and children were rushing frantically to the scene some facing the five below zero weath er without stopping to don wraps. Taken to Hospital.

The first of the injured were taken to hospitals in Peoria by passing motorists. This fact added to the confusion of those hunting for relatives. One hysterical woman heard the name

One hysterical woman heard the name of her husband called off as among the dead only to find him alive and only slightly hurt a few minutes later. Tonight 40 injured men still were in hospitals. About 100 others had been treated for minor injuries and taken to their homes. Those killed were William Brown, Lester Jones. George Wilkinson, Cecil Walker and Charles Luthy, all residing in or near Peoria. Among those seriously burt were James Clark, Henry Zorn, Bert Noel and Henry Zimmer.

Wilkinson was sitting with his son

Wilkinson was sitting with his son when the crash came. The son helped pull his father from the wreckage and started with him to the hospital but stopped to notify the wife and mother. When they reached the hospital the man was dead.

Car Crushed Him.

Brown tried to leap from a smashed window and struck the ground just as the car in which he was riding fell on him. Under his body was that of Luthy, who was still alive when rescue workers renched him after using jacks to raise the car. Luthy died in a hospital later.

Many of the miners charged that the "fishplate" blamed partly for the wreck had been broken for several days and both the railroad and the county authorifies started an investigation. Coroner William Elliott said Car Crushed Him

Suppress Dyer Bill.

With this elimination of the negro With this elimination of the negro from positions of leadership in the southern states goes a proposal to suppress, for the present at least, the Dyeranti-lynching bill and all similar legislation. Representative L. C. Dyer, republican, of St. Louis, says that he does not intend to call the bill up in the lower house until it has been acted upon by the senate, where it has been a dead letter for more than five years. Inquiry in the upper house likewise fails to reveal anyone who is disposed to sponsor such legislation, either at the special session or at any time within the near future. | Mortgage loans, first liens | \$ 320,500.00 \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,500.00 | \$ 320,

Statement Against American Sheet, T.n Co. Act.

Miami. Fla.. February 20.—(P)—
A "moral" protest against the action of the American Sheet and Tin Plate company, Elwood, Ind., in reducing the wages of its employees recently from 7 to 10 per cent was voiced late today in a written statement by the executive council of the American Federation of Labor.

The incorporators were listed as A. Bobo Deane, publisher of the former Miami Daily News, who will head the new organization; Olin W. Kennedy, former managing editor of the Miami Daily Herald, as vice president, and P. B. Frazure, secretary-treasurer. James M. Carson, Miami attorney, has been appointed counsel. The newspaper is to begin publication at once, it was stated, upon the granting of the charter.

## 'Safety in Home' Drive Is Planned By Local Council

Stressing the need of safety in the ome as well as on the street, the Atlanta Safety Council at its weekly meeting Wednesday afternoon adopted a set of 12 rules which are designed to cover every possible kind of home accident, and plans were discussed for putting a copy of this 'daily dozen" in every home in the

It was pointed out that the number of rules was kept as low as possible in order to simplify them. They include, among a number of other items, warnings of the danger of un-protected open fires, leaving boiling water and similar things in the reach of children, allowing children to play with firearms of any description, the necessity for prompt action in the case of cuts and burns to prevent in-fection, steps to be taken in case of suffocation and the danger of leaving

suffocation and the danger of leaving poisons and medicines where children can reach them.

The rules were drawn up by a committee headed by Jere Wells, superintendent of the county schools and vice president of the Atlanta safety council, and the presentation of these rules to the council constituted the report of the committee on their work. They were unanimously approved by a motion which will allow the committee to make such changes and additions as it sees fit.

Mr. Wells pointed out that while great progress has been made in the great progress has been made in the reduction of accidents on public streets and in large industries, prac-tically no attention had been given to the question of safety in the home. The large number of fatal accidents and injuries which have occurred in Atlanta homes in the last few years has been due both to carelessness and ignorance of common rules of safeguarding health and it is the intention of the Atlanta safety council to conduct an educational campaign along these lines with a view of the safety council to conduct an educational campaign

long these lines with a view to reucing such accidents to a minimum, e declared. he declared.

It was stated that the rules would be printed in pamphlet form and distributed to all the school children in this section and that, in addition, copies would be sent out with the statements of several large local banks.

Representatives of the Junior Chamber of Commerce, the Junior Red Cross and the Campfire Girls, in attendance at the meeting, promise the cooperation of their respective organizations in the campaign.

#### SCHOOL WORKERS PLANNING TO TEST COMPENSATION ACT

Representatives of employees of the city, school department will appear pefore the state industrial commission before the state industrial commission. Thursday to wage a movement to have these workers placed under the Georgia workman's compensation act, it was announced by John Commins, one of the leaders in the movement.

The commission Thursday will hear a test case in the application for compensation filed by Mary Hinton, a negro woman, widow of Robert Hinton, as employee of the school, deep

on, an employee of the school de-

partment.

According to the statement of Mr. Commins the employees of the city construction department have been placed under the compensation act and are entitled to its benefits while the employees of the school department are not placed under this act through a ruling of the city attorney. It is contended by the representatives of the employees that the school department "clearly comes under the compensation act" in spite of the city attorney's ruling. The commission will be asked to pass a rule in the case at its session Thursday morning. day morning.

#### Washington and Lee **Beats West Virginia**

Lexington, Va., February 20.—(P)
Washington and Lee closed its home basketball season here tonight by defeating Marshall college, of Huntington, W. Va., 48 to 30. The victory was the thirteenth for the Generals out of 14 games played this season.

Maintaining their "point a minute" pace, the Generals piled up 15 points to Marshall's 3 in the first few minutes of play. Marshall tightened as the first half ended. Early in the second half the invaders launched a ferocious attack that brought Washington and Lee's lead to eight points on a 36-28 count. Washington & Lee, however, launched another offensive that increased their lead as the game was ending.

A. A. C. and Engineers Unable To Make Long Shots But Get Many Free Ones.

BY HERB CLARK.

Georgia Tech played the perfect host last night, when it dropped the second and final game of its annual series with the A. A. C., the Clubbers going home on the long end of a 37-26 count. The game was played on the Jacket court.

The Jackets seem to have gone stale, and were breaking like a fleet of ice trucks last night, and it is to this factor that their loss was

The game was played at a high rate of speed throughout, Mundorff's crew being dragged along at a fast pace by the Clubbers.

Two Up at Start.

For the first few moments the affair looked as though it would be a toss-up, with both teams being un able to sink their shots from the floor, but adding point by point via the foul route. Bell tossed the first goal to send the Club into the lead, ke came back with a free throw a goal to send the Jackets into van, and Ridgeway and Stevens

Mundorff's crew had been none too good in the first half, and the rest did very little good. They were un-able to get rolling for many minutes. but forfunately the guarding of Vance Maree was holding the Club score at a low ebb. The giant from Savannah played the game of his life last night, stepping into Sid Goldin's shoes and coming very near to fill-ing them.

The injection of "Doc" Coker into The injection of "Doc" Coker into the Tech lineup put a temporary punch into the Jackets which pulled them again to within 4 points of the Clubbers, but their life in this position was short, being cut off by an 8-point spurt which enable the Club crew to coast out safely. The final whistle found them enjoying themselves by playing catch in the center of the court while the scoreboard bore a 37-26 message to cheer their hearts.

Miami Beach, Fla., February 20 .-(A)-The business activities of Jack Sharkey and Young Stribling, two prominent young heavyweights, regained a place in the sun today with the smoothing away of the problem of selecting a referee for their engagement here one week from tonight.

The furrowed brow of sun-blackened Jack Dempsey, making a troubled debut as a sports promoter, was clearing rapidly as he left for Palm Beach tonight to take part with Babe Ruth in a charity performance. The former champion carried a telegram in his pocket from James A. Farley, chairman of the New York state ath letic commission, granting rugged Lou

## So Easy to Fight Fat In this right way

covered a great cause of excess fat. It lies in a gland which largely controls nutri-tion. When that gland is under-active too

on test animals. The fat disappeared, new vigor and health appeared. That was the start of a new treatment for obesity, now used by physicians the world over. Marmola prescription tablets are based

on the chief factor employed. On a gland factor. The formula appears in every box, also the scientific reasons for results. The method is the same as modern physicians employ. There is no secrecy.

Marmola was perfected by a famous medical laboratory, under experts in gland treatments. People have used it for 21

years-millions of boxes of it. The results are now seen in every circle. Slender figures are the rule, and excess fat is rare. If you find that excess fat—anywhere-is a blight to your beauty, animation and charm, end it now. Do what the multi-tudes for 21 years have been doing. They end the cause. Get one box of Marmola, watch the results, and let those results decide. You will be amazed and delighted. Just take four tablets daily until weight comes down to normal, then note the dif-

ferent being that you are. Start now! MARMOLA

# Now You Can Reduce 2 to 4 Lbs. In a Night

Wear what you please Do what you please Take no risky medicine

Thousands of smart women have found this easy way to take off 2 to 4 pounds once or Florida, twice a week. These women take refreshing Fayro baths in the privacy of their own homes.

Fayro is the concentrate of the same natural mineral salts that make effective the waters of twenty-two hot springs of America, England and Continental Europe. For years the spas and hot springs bathing resorts have been the retreat of fair women and well-groomed men. Excess weight has been removed, skins have been made more lovely, bodies more shapely and minds brighter.

#### The Hot Springs Are Now Brought to You

A study of the analyses of the active ingre-dients of the water from twenty-two of the most famous springs have taught us the secret of their effectiveness. You can now have all these benefits in your own bath. Merely put Fayro into your hot bath. It dissolves rapidly. You will notice and enjoy the pungent fragrance of its balsam oils and clean

Then, Fayro, by opening your pores and stimulating perspiration forces lazy body cells to sweat out surplus fat and bodily poisons. Add Fayro to your bath at night and immediately you will lose from 2 to 4 pounds in an easy, refreshing and absolutely harmless man-

Your physician will tell you that Fayro is to do the work and that, it is absolutely harmless. Fayro will refresh you and help your body frow off worn-out fat and bodily poisons.

Your skin will be clearer and smoother. You will sleep better after your Fayro bath and awaken feeling as though you had enjoyed a Lose Weight Where You Most Want To

## Fayro reduces weight generally, but you can also concentrate its effects on abdomen, hips, legs, ankles, chin or any part of the body you may wish. Results Are Immediate

Weigh yourself before and after your Fayro bath. You will find you have lost from 2 to 4 pounds. And a few nights later when you again add Fayro to your bath, you will once more reduce your weight. Soon you will be the correct weight for your height. No need to deny yourself food you really want. No need for violent exercise. No need for drugs or medicines. Merely a refreshing Fayro bath in the privacy of your own home.

Clarke-Morrison Wedding Rites

Solemnized at Noon Ceremony

A wedding of much interest to bit of sentiment was attached to the friends throughout the south was that locasion by the fact that Dr. David Mr. Morrison and his bride left for a motor trip through Florida. The bride's going away costume was a tan tweed ensemble with a top coat of camel's hair trimmed with beaver. Her hat was a descat model of felt Marx, who performed the marriage ecremony, also married the bride's parents on Ninth street at noon Wednesday.

The bride was lovely in her wedding gown of rose-beige chiffon fashioned with a lace voke which was conveyed at the neck-line with a love by pin, the wedding gift of the groom. The skirt, formed of chiffon petals, fell gracefully from a crushed girdle with Lall candlebra holding white tapers. To end a stubborn cough quickly, it is important to soothe and heal the inflamed membranes, get rid of the germs and also to aid the system inwardly to help throw off the trouble.

For these purposes, here is a homemade medicine, far better than anything you could buy at 3 times the cost. From any druggist, get 2½ ounces of Pinex. Put this into a pint bottle, and add plain granulated sugar syrup or strained honey to fill up the pint. This takes but a moment, and makes a remedy so effective that you will never do without, once you have used it. Keeps perfectly, and children like it.

This simple remedy does three necessary things. It loosens the germ-laden phlegm and soothes away the inflammation. At the same time it is absorbed into the blood, where it acts directly on the bronchial tubes. This explains why it brings such quick relief, even in obstinate bronchial coughs and "flu" coughs.

# Miss Morrison Weds Fort Contingent Will Impersonate Clifford Longino Favorite Actors at Movie Ball

Fort McPherson, Ga., February 20. Social activities of the week will culminate in the brilliant movie ball to be given by the Officers' club at the garrison Friday evening, February 22. Much interest is being manifested by the fair sex in the selection of the favorite movie star and costume which is most becoming, and even the masculine contingent is busy trying to decide whether Harold Lloyd or Douglas Fairbanks best expresses their personality. Costumers are being consulted daily, attics are yielding up treasured creations of a by-gone day and needles are plying busily in order that the selected costume may be authentic in each minute detail.

Rumor has it that one fair blonder residing in the post will appear as the comical "Farina" of Our Gang Comedies, while Mary Pickford, with her shorn tresses, will be portrayed by a winesome brunette, and Lillian and Dorothy Gish will be impersonated as "The Orphans of the Storm" by a duo of dainty maidens.

# Beware of Diets to reduce

Medical authorities warn that reducing has gone too far

MEDICAL authorities are becoming alarmed at the extent to which American girls, women and men are reducing their weight by starvation diets. This has gone too far, they say, and in many cases is resulting in permanent

Another error is the belief by some that sugar in the diet is the only cause of overweight. This is not true. Any food that is nourishing is fattening and nature should be allowed to store a certain amount of fat in the tissues as a reserve supply of energy when it is needed. Don't undereat; it is dangerous. Eat enough of a great variety of foods and enjoy them. Remember that nothing adds so much enjoyment to other foods as sugar. Sweetness is nature's ideal flavor and modern sugar is food in its least expensive form. Put one cup of sugar in the water used for boiling tasteful variety in food. The Sugar Institute.

with Louise. She was figeting, but sat down on a little chair, waiting for us to 20. I felt that there was little chance now for Craig to enter Doris Kane's boudoir again.

Suddenly the face of Louise startied. There was a slight slam of the outer door below, then the sound of light steps rinning up the stairs.

"She's here already! Now see what I get!" Louise looked reproachfully at us in a manner demanding that, as we had placed her in such a false position, it was up to us to get her out of it.

Doris Kane was standing in the doorway, a picture of offended dignity. With a haughty glance she swept the room, pasing us with no sign of recognition. I dropped my cyes before her indigantion. Louise was sullen. Craig was silent.

Doris Kane was about to reprimand Louise for our second intrusion into her children's nursery, when she stopped suddenly. The slight quiver of her sensitive nostrils showed plainly that she had caught the odor of her inusband's eigar wafted in from the porch. For a second or so she stood with a frigitened indecision as she saw Stanely Kane's tall form pacing up and down the porch. Then a suppressed gasp following a flash of anger startled us. She clutched the breast of her gown almost frantically. Her face was colorless. In her eyes I fancied I discerned a pitiful look, almost like one asking for help. Her emotion roused my sympathies.

Was this her fear of being trapped? Many are the patrons of the Er-anger theater, where "Rio Rita" is low playing, who have been frank in their unqualitied approbation of the remarkable dancing on view in that successful musical comedy. One is prone to ask if any more beautiful stage pictures have been seen in recent years than the much-taiked about "Moonlight Ballet." In this ensemble, Madam Albertina Rasche, through her ardent follower, Harriet Smith, has succeeded in capturing the mod of a dreamy, moonlit night in Mexico, and has not only trained the lovely girls of the ballet to a point of perfection, but has devised a succession of meltingly-beautiful formations which nightly evoke applause which is bestowed only upon those rare which nightly evoke applause which is bestowed only upon those rare things in art that come our way but periodically.

Milton Sills and Betty Compson are daily drawing strong praise in "The Barker." playing at the Howard. This all talking attraction is to the credit of First National, who has turned the stage attraction of the age into a first-class piece of cinema entertainment. The stage artist fails to surpass the mighty Sills as the most popular barker of the country. The story is love of a father for his son. This love is challenged by the interruption of a scheming girl who threatens to upset all the laid plans of the father. This, set in the fascinating carnival background, makes a story of unusual merit and enjoyment. On the stage Louic Lowry and his men are offering "Blossoms," an ace high presentation introducing Horton Spurr, Charles Brugge and the Lett Sisters and Louise.

GROWS CAUSTIC

New Orleans, February 20.—(P)—
Caustic criticism issued today from the rival political camps of Governor Huey P. Long and Colonel Robert Ewing, democratic national committeeman, who have been engaged lately in a ree-for-all verbal battle.
Colonel Ewing, through editorial and cartoon, in his New Orleans States, assailed the governor in bitter terms and the New Orleans Item, whose policy opposed Long's, has joined in the fray. Late today Governor Long, from the executive mansion in Baton Rouge, attacked both the publications and their editors and closed with this challenge to gamblers.

"Let somebody open up a cambling hell around New Orleans if they with the King Hardware company."

In entering his new field, Mr. Akers has resigned from active service with the Hardware company.

#### BY JOHN P. BOUGHAN. Associated Press Market Editor.

Chicago, February 20 .- (A)-In-Chicago, February 20.—(P)—Influenced by temperatures 30 below zero in some grain sections, wheat soared today to above any price which the July delivery has heretofore touched this season. With mills reported buying wheat future deliveries at Kansas City and exporters purchasing both at Minneapolis and Winnipeg, speculative demand here was on a broad scale, crop uncertainties were again a dominant factor, and there was talk also of expected political aid for the market.

Closing quotations on wheat were firm, 5-8c to 1 to 11-8c net higher. Corn finished 3-4c to 1e up, oats 3-8c to 7-8 to 1c advance, and provisions varying from 7c decline to a rise of

On the upward swing of the wheat market, July delivery was the leader, but May closely following equaled the season's previous top level. Almost from the outset, prices showed a strong upward trend, notwithstanding strong upward trend, notwitestanding that warmer weather was already a good deal in evidence, with an additional rise in temperatures predicted. Meanwhile, only passing attention was given to downturns in Liverpool quotations or to reported pressure of Argentine wheat abroad.

Heavy selling to realize profits impeded the advance of the wheat mar-ket at times, but with continued ac-tive buying the final transactions were the buying the final transactions were at the highest close yet this season.

Corn and oats sympathized with wheat price upturns, although Kansas City sold 60,000 bushels of corn today to come to Chicago, on the other hand, country offerings of corn here were limited, and some was taken at the Gulf of Mexico by exporters.

There were also messages from the There were also messages from the Atlantic scaboard telling of renewed foreign inquiry. Some damage to oats in the south by freezing was

taled \$7,562,000 compared to \$8,478,000 yesterday.

The market ruled steady, but some selling pressure was exerted against the utilities. Rails as a group improved under stimulus of the Van Sweringens following the lead of the Baltimore & Ohio in filing an application for an eastern trunk line merger.

Credit conditions were somewhat easier today although the federal reserve board's approval of an increase in the buying rate on bankers' acceptances outside of New York is expected to result in a reduction of the volume of out-of-town funds sent here for loans on brokers' collateral.

A brisk demand for Cities Service common, which advanced nearly 6 points to a new high at 113 3-4, featured the public utility group. Americal also moved into new high ground, and Ross stores jumped 4 points on a less stores jumped 4 points on a couple of sales.

Auburn Auto continued its spectacular advance by soaring 12 1-2 points to a new high at 185 but it lost 4 points of its gain. Firestone Tire jumped 9 points on a few odd lot sales and Hart Parr advanced 8 1-2 to a new high record at 78 3-9.

Singer Manufacturing broke 54 1-2 points to 570 on one sale.

NOT IMPROVED **DURING PAST WEEK** 

Washington, February 20 .- (A)-Crop and weather conditions for the

week ended yesterday as summarized by the department of agriculture says:

"In the southern states there was

not much improvement in weather

No damaging low temperatures occurred, but it was generally cool,

cloudy and wet, which retarded the

growth of winter crops and prevented

active field operations; in many places preparations for siging planting are considerably behind an average season

because of persistent condition of soil unfavorable for working. In much of Florida and in western Texas the weather was more favorable and sea-sonal farm work progressed."

Produce

Demand and trading were rather slow yesterday morning. There were rather liberal supplies of most commodities on the market. The rutabaga market was slightly stronger, with supplies light, Considerable quantities of sweet potatoes, bunched turnips and collards were being trucked in from near-by points. Florida beans, peppera and celery were all plentiful, with the market barely steady. Demand on these products was moderately good, however. The potato market was barely steady. Cabbage was firm.

Yesterday morning's sales to jobbers and other large buyers—unless otherwise stated.

New York, February 20 .- (A)-Except for continued liquidation of near months, cotton showed no special trad-ing feature today. Business was again quiet, with fluctuations narrow and quiet, with fluctuations narrow and irregular. The May contract ranged from 20.02 to 20.06 and closed at 20.04, compared with 20.05 at yesterday's close. The general market closed steady net 2 points lower to 4 points higher, with new crop positions relatively steady. tively stendy.

The opening was steady at a decline The opening was steady at a decline of 2 points to an advance of 2 points, which was considered about in line with the showing of Liverpool. Near months were relatively easy under renewed March liquidation. New croppositions appeared to be attracting some demand. This may have been promoted by continued complaints of delays to farm work in the south. Opinion was expressed in some quarters that fecent low temperatures in Opinion was expressed in some quarters that fecent low temperatures in Texas and Oklahoma might have killed off some of the boll weevil in hibernation, but that the prospects were for a heavy emergence in other sections of the belt.

the belt.

Demand, whatever the actuating factor, was decidedly limited, however, and the bulk of the day's business was attributed to further switching from near to late months. Trade interests were credited with buying March and selling later deliveries. There was transferring of both long and short accounts from March to later old crop or new crop positions.

At the lowest March sold at 19.95

At the lowest, March sold at 19.95 and the new October contract at 19.54, or about 1 to 4 points net lower. The close was slightly up from the lowest on old crop positions as result of covering.

There are about 73,300 bales of certified cotton in the New York stock. Local traders think this may be increased somewhat before the end of the march.

of the month.

Private cables reported liquidation of near months in Liverpool and continental buying of later deliveries. They also said there was an increased inquiry for cotton cloths from India and China.

Exports today 1.914, making 6.082.-656 this season. Port receipts 21.983. United States port stocks 2.084,907.

#### NEW ORLEANS MARKET QUIET.

New Orleans, February 20.—(P)— xtreme quiet characterized today's ssion of the cotton market and prices session of the cotton market and prices
fluctuated within a range of only 2 to
4 points, one of the smallest spreads of
the senson. Such trading as developed
was mainly liquidation of the March
position in advance of the first notice
day. March traded down to 19.24 and
closed 1 point above that figure for a
net loss of 5 points. The general market closed steady at net declines of 1
to 5 points.

ket closed steady at net declines of 1 to 5 points.

As Liverpool cables were slightly lower than due first trades here showed losses of 1 to 2 points. March liquidation was encountered right after the start and as that month soon traded off to 19.24, or 6 points net down, other positions eased off in sampathy, May trading to 19.42 and July 19.48, or 3 to 6 points below the previous close.

At these levels the market encountered some support, probably induced by a report from New York of good buying of new crop positions there. Prices, however, did not reach new highs but kept within the early range, rallying but 2 points from the lows.

Although unfavorable weather was a supporting influence in the market of

New York. February 20.—(P)—Altory 1 though the day's transactions fell below 3,000,000 shares for the first full session this year, prices surged higher on the stock market today, under the impetus of a number of favorable industrial developments. About a score of issues rose 5 to 15 points, with steel, merchandising, automotive and aeronautical issues making conspicuous progress.

Call money renewed at 6 1-2 per cent, in contrast to 7 yesterday, but got no lower than 6. Bankers see liftle prospect of appreciable improvement in credit rates for several weeks, as seasonal expansion of commercial requirements is due in March. Wall street looks for another substantial drop in federal reserve brokers' loans when the weekly announcement is made tomorrow afternoon, but the opinion prevails that the reserve board will be satisfied with no less than a reduction of about \$500,000. The reduction last week was but \$101,000,000. and it is expected that three or four weeks, at least, will be required to bring about the desired reduction.

The day's news included a 100 per cent stock dividend by Wright Aero; the filing of the Van Sweringen's eastern railway consilidation plan, which conformed with the Baltimore & Ohio plan, filed yesterday; announcement of further improvement in 1-2 of a cent to about 1-3.

LIVINGSTON & .CO. New York, February 20.— (Special.)—
When the movement of the cotton market is confined within a range of oily 3 to 4 points throughout an entire session it deserves little comment.
General business today was conspicuous by its absence and the trading was again almost entirely switching of March to July and new October.
There was no news of importance and the market appears pegged around the 20-cent level for March and May pending

# FOURTH ESCAPED OHIO PRISONER CAPTURED

Legislative Investigation Asked Into Break of Five From Penitentiary.

Columbus, Ohio, February 20.—(P) William H. Young, 40, Marietta killer, was captured tonight in a field south of Shadeville, Ohio, at the southern edge of Franklin county, by county officers and returned to Ohio pententiary, from which he escaped yesterday with four other convicts. Three of the men were caught last night.

Three of the men were caught last night.
Young was cold, tired and hungry after 36 hours of hiding in fields and woods since his escape. He had a heavy wrench in his pocket.

Joe Rosso, with whom Young fled south when five men broke for freedom, was caught at almost the same spot at 6:30 a. m. today after the pair broke into a general store.

Jack Walton, Cleveland robber, was the only one of the five men still outside the prison walls tonight. C. A. Meyers, superintendent of the Ohio state bureau of identification, planned to go tomorrow to New Philadelphia, Ohio, to attempt to identify a suspect held there as Walton.

Patrick McDermott, "trigger man" in the killing of Don R. Mellett, Canton editor, and Mike Jacko, Cleveland slayer, were the first of the five prisoners to be caught. They were found last midnight in the power building of a stone quarry five miles from the penitentiary.

McDermott, Jacko and Rosso were

Warden Thomas discharged J. B.

Isaacs, one of the night guards on duty at the time of the escape on duty at the time of the escape on charges of making an "untrue report." Thomas said Isaacs reported that everything was all right after the count of prisoners at 6 a. m. yesterday. Cellmates of the five escaped men, who refused to leave with them, said that the delivery was made between 4 and 5 a. m.

The sailors also saw that smoke. The Beaching the boat, the men lifted out the great chest. They argued angrily they quarreled, and a sailor buried his pick in the brain of the rat-faced man. There was a great scurrying about on deck. A boat was lowered; in it a great chest was placed. Men bent to the oars; pulled rapidly to the very point where Tarzan crouched, hidden in Digging a deep trench, they buried the treasure with the corpse, obliterating all signs. Then they pulled rapidly back to the "Arrow."

BALANGIGA (SAMAR, P. I.), TO WIPE OUT THE SMALL AMERICAN GARRISON, THE NATIVE CHIEF OF POLICE ASKED THE AMERICAN COMMANDER OR PERMISSION TO BRING BO FILIPINOS FROM WORK OUT THEIR TAXES. THE OFFICER CON-SENTED. NOT KNOWING THAT THESE SO MEN WERE TRAINED BOLOMEN OF THE INSURCENT LUKBAN'S COMMAND.

O N THE NICHT OF SEPT. 27, 1901, THE SENTRIES NOTICED THAT ALL THE NATIVE WOMEN AND CHILDREN WERE LEAVING BALANGIGA. THIS WAS UNUSUAL, BUT THE SUSPICIONS OF THE AMERI-CANS WERE QUIETED BY THE EXPLANATION THAT AN EARTHQUAKE HAD BEEN PREDICTED, AND THAT THE WOMEN AND CHILDREN WERE MOVING

A T THE SAME TIME SEVERAL HUNDRED NATIVES ENTERED THE CHURCH TO HOLD A RE-A LARGE NUMBER OF ROLOMEN REMAINED HIDDEN IN THE CHURCH, WHICH WAS CONNECTED BY A SHORT PASSAGE WITH THE BUILDING IN WHICH THE AMERICAN OFFICERS WERE QUARTERED.

B ARLY THE NEXT MORNING (SEPT. 28) THE NATIVES BEGAN GATHERING IN THE PLAZA, WAIT-NG TO BEGIN THE WORK OF CLEANING THE STREETS UNDER THE DIRECTION OF THE AMERI-CANS. MOST OF THE LATTER WERE SEATED CALMLY AT BREAKFAST IN THE MESS SHACKS. NEVER DREAMING OF THE GREAT DANGER THAT THREATENED.

the charges against Shannon were he hot made known by Campbell nor would other federal authorities explain, but from persons acquainted with prohibition enforcement came predictions that the grand jury investigation growing out of two raids lâst week, in which liquor valued at \$2.50 to \$1.00 to \$1. presentation of the application result-ed from a failure of railroad and bank-ing interests to reach agreement as to eastern railroad consolidation. The Pennsylvania system and possibly the New York Central are considered like-ly to propose conflicting alternatives to the Van Sweringen and Baltimore and Ohio alignments as presented.

In addition the ownership of some of the rail mileage outlined in the aptigation growing out of two raids last week, in which liquor valued at \$500,-000 was seized, would result in sen-sational developments.

The raids, made in a building in

West Fourteenth street, housing the Monroe Lamp and Equipment com-pany, and at the International Postal Supply company in Brooklyn, were carried out by special agents from Washington and elsewhere under the
